### **INDEPENDENT AUDITOR'S REPORT**

To the Members of the British Columbia Lung Association (operating as the BC LUNG FOUNDATION)

### **Report on the Audit of Financial Statements**

### **Qualified Opinion**

We have audited the accompanying financial statements of British Columbia Lung Association (operating as the BC Lung Foundation) ("the "Entity"), which comprise:

- the statement of financial position as at March 31, 2025
- the statement of operations for the year then ended
- the statement of changes in net assets for the year then ended
- the statement of cash flows for the year then ended
- and notes and schedules to the financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, except for the possible effects of the matter described in the **"Basis for Qualified Opinion**" section of our auditor's report, the financial statements present fairly, in all material respects, the financial position of the Entity as at March 31, 2025, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

### **Basis for Qualified Opinion**

In common with many charitable organizations, the Entity derives revenue from donations, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Entity.

Therefore, we are not able to determine whether any adjustments might be necessary to:

- the current assets reported in the statements of financial position as at March 31, 2025 and March 31, 2024.
- the donations revenue and excess (deficiency) of revenue over expenses reported in the statements of operations for the years ended March 31, 2025 and March 31, 2024.
- the unrestricted net assets, at the beginning and end of the year, reported in the statements of changes in net assets for the years ending March 31, 2025 and March 31, 2024.

British Columbia Lung Association Page 2

• the excess of (deficiency) of revenue over expenses reported in the statements of cash flows for the years ended March 31, 2025 and March 31, 2024.

Our opinion on the financial statements for the year ended March 31, 2024 was qualified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the **"Auditor's Responsibilities for the Audit of the Financial Statements"** section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not- for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report and includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

British Columbia Lung Association Page 3

We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosure made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting
  and, based on the audit evidence obtained, whether a material uncertainty exists related to
  events or conditions that may cast significant doubt on the Entity's ability to continue as a going
  concern. If we conclude that a material uncertainty exists, we are required to draw attention in
  our auditor's report to the related disclosures in the financial statements or, if such disclosures
  are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained
  up to the date of our auditor's report. However, future events or conditions may cause the Entity
  to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a matter that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

### **Report on Other Legal and Regulatory Requirements**

As required by the Societies Act (British Columbia), we report that, in our opinion, the accounting policies applied in preparing and presenting the financial statements in accordance with Canadian accounting standards for not-for-profit organizations have been applied on a basis consistent with that of the preceding period.

See accompanying notes to financial statements.

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements

Year ended March 31, 2025

#### 1. Operations:

British Columbia Lung Association (operating as the BC Lung Foundation) (the "Association") is incorporated under the Societies Act (British Columbia). The purpose of the Association is to support medical research and education programs aimed at respiratory disease and to conduct fundraising activities to provide financial support for such programs.

The Association is a registered charity under the Income Tax Act (Canada) and is exempt from Canadian federal and provincial income taxes. The Association is able to issue donation receipts for income tax purposes.

#### 2. Significant accounting policies:

The financial statements have been prepared by management in accordance with Canadian Accounting Standards for Not-For-Profit Organizations in Part III of the Chartered Professional Accountants of Canada Handbook and include the following accounting policies:

(a) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and short-term deposits which are highly liquid with original maturities of less than three months at the date of acquisition. These financial assets are convertible to known amounts of cash and are subject to an insignificant risk of changes in value. The Association's policy is to treat cash and cash equivalents held within its investment portfolio as investments on the statement of financial position.

(b) Revenue recognition:

The Association follows the deferral method of accounting for contributions which include donations and government grants. Donations are recorded when received or receivable when a realizable value can be reasonably estimated. Externally restricted contributions are initially deferred and recognized as revenue in the period in which the related expenses are incurred or the restrictions met.

Amounts received related to fundraising events to be held after the fiscal year end are deferred and recognized upon completion of the fundraising event.

Contributions of irrevocable charitable remainder trusts or life insurance policies are recorded as revenue upon receipt of funds at the net present value or cash surrender value, respectively.

Investment income is recognized as revenue when earned.

Donated gifts in-kind are recorded at fair value, when fair value can be reasonably estimated provided the goods or services would normally be required for operations. Fair value is determined to be the value of the donation at the date of the contribution. Due to the difficulty of determining the fair value, donated services of this nature are not recognized in these financial statements.

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements (continued)

Year ended March 31, 2025

#### 2. Significant accounting policies (continued):

(c) Capital assets:

Capital assets are stated at cost less accumulated amortization and are amortized on the declining-balance basis using the following rates:

Asset	Rate
Building Office furniture and fixtures Computer equipment Vehicles Computer software	5% 20% 30% 30% 30%
Computer software	30%

When capital assets no longer contribute to the Association's ability to provide services, its carrying amount is written down to its net realizable value.

(d) Measurement uncertainty:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

(e) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost. The Association accounts for guaranteed investment certificates at amortized cost and quoted shares at fair value. The Association does not hold any financial derivatives as at March 31, 2025.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

Financial assets recorded at amortized cost are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Association determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset.

If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Association expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements (continued)

Year ended March 31, 2025

#### 3. Investments:

	2025	2024
Guaranteed investment certificates, measured at amortized cost Quoted shares, measured at fair value Cash and cash equivalents	\$ 3,126,293 3,921,310 20,240	\$ 3,541,562 3,605,722 188,215
	\$ 7,067,843	\$ 7,335,499

The Guaranteed investment certificates have an effective interest rate of 3.00% to 4.98% (2024 - 4.35% to 5.56%) and maturity dates during fiscal year 2026.

The total investments balance is classified as follows on the statement of financial position:

	2025	2024
Current Long-term	\$ 7,067,843	\$ 6,822,986 512,513
	\$ 7,067,843	\$ 7,335,499

#### 4. Capital assets:

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements (continued)

Year ended March 31, 2025

#### 5. Other assets:

The Association has been named the irrevocable beneficiary of one (2024 - one) life insurance policy with coverage totaling \$59,193 (2024 - \$59,846). At March 31, 2025, the insurance policy has a cash surrender value, representing fair value, totaling \$37,973 (2024 - \$36,924), which is recorded as an asset. In the event that the donor discontinues paying the premiums, the Association will receive proceeds equal to the cash surrender value. Upon the death of the donor, the total coverage will be payable to the Association.

#### 6. Deferred contributions:

Changes in deferred contributions are as follows:

	2025	2024
Balance, beginning of year Contributions received Amount recognized as revenue	\$ 1,179,043 2,854,321 (2,702,357)	\$ 1,215,398 2,483,551 (2,519,906)
Balance, end of year	\$ 1,331,007	\$ 1,179,043

#### 7. Pension plan:

The Association provides a defined contribution pension plan to its employees which vests after one year of service. The Association is required to pay a contribution of 5% of the employee's gross pay. For the year ended March 31, 2025, the Association contributed \$68,032 (2024 - \$68,078) in pension plan payments for its employees.

#### 8. Lung Foundation of British Columbia:

The Association is related to the Lung Foundation of British Columbia (the "Lung Foundation") as all of the directors of the Association are also directors of the Lung Foundation. The Lung Foundation is a registered charity formed to provide funds to support research and studies into the prevention and control of lung and related diseases.

The net assets and results from operations of the Lung Foundation have not been included in these financial statements. A financial summary of the Lung Foundation as at and for its year ended March 31, 2025 is as follows:

	2025	2024
Financial position: Total assets Total liabilities	\$ 802,957 12,500	\$ 777,199 12,500
Total net assets	\$ 790,457	\$ 764,699

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements (continued)

Year ended March 31, 2025

#### 8. Lung Foundation of British Columbia (continued):

		2025		2024
Results of operations: Total revenue	\$	16,897	\$	18,710
Total expenses Total unrealized gains (losses)	Ŷ	(38,695) 47,556	Ψ	(57,321) 74,530
	\$	25,758	\$	35,919
Cash flows: Operating activities Investing activities	\$	(21,020) 32,000	\$	(26,215) (12,000)

#### 9. Commitments:

The Association is committed to expenses for grants, awards and health services. The Association is also committed to payments under an operating lease for a vehicle. The minimum annual payments under the funding and operating lease commitments are as follows:

2026 2027	\$ 190,500 25,000
	\$ 215,500

#### 10. Financial risks and concentration of credit risk:

(a) Liquidity risk:

Liquidity risk is the risk that the Association will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Association manages its liquidity risk by monitoring its operating requirements. The Association prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements (continued)

Year ended March 31, 2025

#### 10. Financial risks and concentration of credit risk (continued):

(b) Credit risk:

Credit risk is the risk of economic loss arising from a party's failure to repay or service debt according to contractual terms. Financial instruments that potentially subject the Association to concentrations of credit risk consist of cash, investments and accounts receivable. The Association has deposited cash and made investments with reputable financial institutions, from which management believes the risk of loss to be remote. The Associations has receivables from services performed and grants receivable from various bodies of the Government of Canada and the Province of British Columbia. Management does not believe there is a significant credit risk. The Association monitors, on a regular basis, the credit risk to which the Association is exposed in relation to its financial assets and takes steps to minimize the risk of loss.

(c) Interest rate risk:

The Association is exposed to fair value risk on its fixed interest rate financial instruments. Further details about the fixed rate investments are included in note 3.

(d) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Association has investments in equity investments which are subject to risks arising from changes in market conditions and general market fluctuations.

(e) Currency risk:

Investments in foreign securities are exposed to currency risk due to fluctuations in foreign exchange rates. The Association is exposed to this risk as a result of investments in the United States totaling approximately CAD \$2,707,811 (2024 – CAD \$2,512,845) as at March 31, 2025.

There have been no changes to these risk exposures from the prior year.

#### 11. Trust funds:

Certain assets have been conveyed or assigned to the Association to be administered as directed by agreement. The Association holds these assets for the benefit of, and stands in a fiduciary relationship to, the beneficiaries. The STOP TB funds of \$4,885 (2024 - \$4,905), which is administered by the Association, and activities thereon have not been included within the Association's accounts.

(operating as the BC LUNG FOUNDATION)

Notes to Financial Statements (continued)

Year ended March 31, 2025

#### 12. Employee remuneration:

For the fiscal year ending March 31, 2025, the Association paid total remuneration of \$488,340 (2024 - \$575,287) to four (2024 - five) employees, each of whom received total annual remuneration of \$75,000 or greater. No remuneration was paid to members of the Board of Directors.

(operating as the BC LUNG FOUNDATION)

Dr. Alyson Wong – Developing an administrative-based case-finding	25 000		10 500
algorithm to evaluate health inequities in progressive pulmonary fibrosis	25,000		12,500
	225,000		112,500
Carried forward	270,211		168,280
	,		,_00

Schedule 2

(operating as the BC LUNG FOUNDATION)

Grants and Awards Expenses (continued)

Schedule 2

	2025	2024
Brought forward	270,211	168,280
Project and equipment grants - Approved June 2022:		
Dr. Jordan Guenette – Physiological mechanisms of sex differences in		
exertional dyspnea and its response to therapy in patients with fibrotic		
interstitial lung disease	12,500	25,000
Dr. Illiassou Hamidou Soumana – Effect of the airway microbiome on		
responses to diesel exhaust exposure in asthmatics	12,500	25,000
Dr. Sarah Henderson – Biomass smoke exposure and COVID-19:		
Advancing the evidence with a novel test-negative case-crossover	40 500	05 000
design	12,500	25,000
Dr. Ana Hernandez Cordero – Airway Immunosenescence in HIV-	10 500	25 000
associated Chronic Obstructive Pulmonary Disease	12,500	25,000
Dr. Kate Johnson – The Impact of Out-of-Pocket Costs on Adherence to Asthma Medications	12,500	25,000
Dr. Honglin Luo – Novel Oncolytic Virus for Lung Cancer Treatment	12,500	25,000
Dr. Inna Sekirov – Phylogenetic Improvements using Long-Read	12,500	23,000
Sequencing for Understanding Transmission of M. tuberculosis– PILOT		
TB	12,500	25,000
Dr. Tirosh Shapira – Host cell signalling targeted COVID-19 therapy	-	22,500
Dr. Amrit Singh – Development of triple co-culture airway model systems		,
for asthma pathogenesis and evaluation using single cell multiomics	12,500	25,000
	100,000	222,500
<ul> <li>Dr. Najib Ayas – Using Advanced Polysomnographic Physiologic Metrics to Predict Cardiovascular Disease in Cardiovascular Disease in Patients with Obstructive Sleep Apnea</li> <li>Dr. Pat Camp – Rehabilitation Service Capacity for COVID-19 Survivors Dr. Nancy Ford – Denoising preclinical micro-computed tomography images for improved regional analysis of the lungs and pulmonary vasculature in a mouse model of COPD</li> <li>Dr. James Johnston – Mitigating tuberculosis related morbidity: developing a theory driven post-tuberculosis intervention package</li> <li>Dr. William Lookwood – Defining mechanisms of lineage transformation in lung adenocarcinoma to combat resistance to targeted therapies</li> <li>Dr. Christopher Ryerson – Investigating differential gene expression profiles predictive of interstitial lung disease morphology, progressive</li> </ul>	- - -	12,500 12,500 11,500 12,500 12,500
phenotypes, and mortality Dr. Scott Tebbutt – Understanding molecular responses of bronchial	-	12,500
epithelium to plicatic acid exposure	-	12,500
Dr. Ying Wang – Mitigation of decline with Virtual Exercise with Lung		
Cancer – A Pilot Study (MoVE with Lung Cancer – A Pilot Study)	-	12,500
Dr. Alyson Wong - Connecting clinical research and economic evaluation		
by mapping lung function to EQ5D utility scores in patients with fibrotic		
interstitial lung disease	-	12,500
	-	111,500
\$	370,211	\$ 502,280

(operating as the BC LUNG FOUNDATION)

### Health services expense

Schedule 3

	2025	2024
Programs	\$ 3,027,991	\$ 2,881,659
Salaries and employee benefits	778,962	874,895
Printing and supplies	44,419	40,522
Data processing	31,441	30,130
Postage	27,540	30,982
Travel and meetings	26,198	18,631
Online and Educational Engagement	11,904	38,970
Telephone	9,865	12,913
Educational material	1,128	2,065
Licenses and memberships	494	566
Publicity	-	19,932
Volunteers	-	200
	\$ 3,959,942	\$ 3,951,465

(operating as the BC LUNG FOUNDATION)

Operating and administrative expenses

Schedule 4

	2025	2024
Salaries and employee benefits	\$ 267,056	\$ 224,390
Amortization	38,050	40,265
Building maintenance	35,780	27,457
Audit and legal	35,676	23,366
General insurance	30,209	29,961
Interest and bank charges	25,147	29,167
Directors' meetings and travel	19,460	31,004
Light, heat and water	18,243	17,643
Data processing	18,024	13,593
Travel and meetings - staff	9,048	7,165
Janitorial services	8,691	9,929
Equipment maintenance	5,071	8,649
Stationery and office supplies	3,015	2,275
Telephone	2,199	4,278
Licenses and memberships	2,065	1,345
Postage	1,170	2,980
	\$ 518,904	\$ 473,467
